HISTORICAL RECORD OF THE HOLMSLEY FAMILY

by

Carrie Holmsley Cunningham

(A copy of the above book and permission to reprint from it given by Natica V. Holmsley in a letter to Arkansas Genealogical Society dated Oct. 13, 1970. Because of the length of the book, we are reprinting only the outline of the earliest members of the family. John R. Holmesley was the head of the second household to settle in Madison Co., Ark., in 1828.)

John R. Holmesley was born in England in 1762 (no documentation of this). He married Mary James in 1785. Mary James was born in Germany in 1769, a first cousin to Queen Victoria of England. (This is family tradition, but there is no known documentation. N. V. H.) They came to the States about the turn of the century and settled first in Tennessee. John R. went from there to Kentucky, where two of his sons, James and Burrell, were born. He then moved to Missouri, where Levi was born, then to Arkansas, where Stephen was born. Some of his daughters were born in England and some in America. John R. Holmesley died in 1857 and is buried in Wesley Cemetery. Mary died in 1860. Children of John R. and Mary are listed below, but not in order of birth, as we have no information on the daughters.

There are several spellings of the family name. John R., the father, spelled his name Holmesley. The first son, James, spelled it Homesley, Burrell J. as Holmsley. Levi, the third son, retained the spelling as his father's Holmesley. Stephen made it Holmesly.

II. Burrell J. Holmsley, second son of John R. and Mary James Holmesley, was born in Kentucky, Mar. 6, 1807. He married Lucinda Wagon, a French lady, in January, 1832 and settled near Cane Hill, Ark. Eight of their nine children were born there. Burrell became quite prosperous and was the owner of horses, mules, cattle, sheep, hogs and thirty slaves. In 1850 he sold this property and moved to Texas, driving the livestock. Some days they made only three miles. They settled in Gatesville in 1851, and in early 1854, with F. M. Collier and John Mercer families, decided to move on to Comanche territory. Burrell J. bought lumber in the barracks at Fort Gates and hauled it to Comanche where he built his home, barns and slave quarters on what was later named Holmsley's Creek. Soon other settlers came in, and the County was organized in 1856. (See F. M. Collier diary below.) Lucinda Wagon was born in 1812 and died in 1866 in Comanche. Burrell J. died in Comanche in 1891. Both are buried in Albin Cemetery.

1. Julia Ann Holmsley, daughter of Burrell J. and Lucinda Holmsley, was born in Cane Hill, Ark. in 1832, died in 1886. She married Frances Marion Collier in 1853 in Gatesville, Texas. F. M. Collier was born in Tennessee, Nov. 7, 1825 and migrated to Texas in 1853. He commanded Company D Frontier Service. He was the first clerk on Comanche Co., Texas. He died in the late 1880's and is buried in Meridian, Texas. The following is an excerpt from his diary:

From the Diary of Frances Marion Collier

The year 1854 was a remarkably good crop year all over Texas. It rained continually all Spring and Summer, and all are aware that there is no poor land in Northwest Texas if it is kept wet. All grains planted and tended came up, matured and produced an abundant yield, and such a coat of mesquite grass was never seen as was seen by the old settlers of 1854 of Comanche, Brown and other counties. Every mast bearing tree was loaded with acorns. The branches and springs were running flush all the year. This unusual wet spring and summer was followed by an open warm fall and winter. No freezing weather until after Christmas, and not much then, all of which was very fortunate to these early settlers who were there with their families and stock, and trying to form new settlements, 150 miles from nowhere.

We find them on the 20th day of December, 1854, that is Frank M. Collier and his wife Julia A. Collier, Uncle Jesse Mercer and his wife Alice Mercer, were the only whites there were in this settlement. Mercer had 15 or 20 negroes and Collier and wife one, a negro girl named Patsy. Mrs. Mercer was Uncle Jesse's 2nd wife and was about his junior 30 years and she was very fond of something to wear and going somewhere to wear it and was bitterly opposed to going on the frontier. During our slow and tedious trip from George Town to our Camp on Mercer Creek, a few days over four months, Mr. and Mrs. Mercer had quarrelled for Breakfast, Dinner and Supper, and if there was anything between meals it was quarreling.

After reaching our destination and stopping in camp for two days, it was so bad that Uncle Jesse's forbearance ceased to be a virtue, and from a prolonged war of words, a separation was agreed to and a general division of traps and calamities, such as children, negroes, wagons, goods, horses, quickly followed. This temporary separation, for a short time balked over calculations and apparently left the writer with no other alternative but to return to the settlement, but Uncle Jesse and Alice both unbosomed themselves to myself and Julia, as there was no one else to talk to but negroes, and fortunately our efforts to bring about a reconciliation was availing and the matter ended with no final separation. And Alice quit for a short time her scolding, and Uncle Jesse and myself finally selected a tract of land on Mercer Creek, six miles from the present town of Comanche, naming the Creek after Uncle Jesse Mercer, and improved the farm now owned by Doctor Montgomery.

Upon this tract of land in 1855, I built the first cabin ever erected in Comanche County, Texas. In which cabin on the 30 day of May, 1855, was born Thomas A. Collier, our oldest child, being the first white child born in Comanche County, Texas. In a few days, Burrell J. Holmsley, my father-in-law, moved in from Williamson County and settled on his tract of land two miles north of us on what was afterwards called Holmsleys Creek. In the latter part of February, he yoked up and started a team of oxen to breaking prairie land which was the first furrow ploughed in the County. The plow was held by Thomas J. Holmsley, and the team was driven by James Taylor.

In the early part of February, 1855, Asa Reed from Octabula County, Miss. arrived in the settlement and located two miles further down on Holmsley Creek. About the 12th of March old Doctor Tuggle arrived and settled on Mercer Creek near Uncle Jesse Mercer and improved himself a farm about the middle of April 1855. John A. McGuire, Henry Martin Sr. and Charles Isom, originally from Georgia but now from Bell County, Texas, settled on land. McGuire settled on the land now one mile below Comanche town on Indian Creek; Henry Martin, Sr. four miles further down on Indian Creek; Charley Isom two miles below on Indian Creek. These eight families, Mercer, Collier, Holmsley, Tuggle, Reed, McGuire, Martin, and Isom, were the first settlers in the territory now embraced by the County of Comanche, Texas. In the early part of May, M. O. and Lee Cooker came around us and put up their shanty and began to improve in good old Georgia style their homes on Indian Creek.

Pretty soon old Uncle Charley Campbell found himself among us from Louisiana, with him was a small family-- only himself and Peggie, as he called his wife, with 14 or 15 living children, mostly girls. And on the 13th day of September, 1855 in his home was born another child and her name was Kate. She was the first girl child born in Comanche County, Texas. She grew up to womanhood in Comanche County and was first the wife of Dr. Albridge, who accidentally shot and killed himself, and she is now the wife of John D. Anderson of Bosque County, Texas. The writer, Frank M. Collier, moved from Comanche County to Bosque Co.

In 1867 the first death in Comanche County was one of Charley Isom's little girls and was caused by eating mistletoe berries that grew in abundance on the mesquite trees. The second death was the result of a personal difficulty between one of Uncle Asa Reed's sons and John Frobman from Anderson County, Texas. Frobman was buried under a live oak tree near where the killing was done.

McBride, age 26, Dec. 6, 1871, by Elijah Merrell, as given in the Marriage Records of Hempstead Co., Ark. I believe the L. C. COTTON - HENDRICKS

Georgia Cotton was born 1876-7. Where? Married Hiram B. Riley, Mar. 24, 1895 at Fairfield, Freestone Co., Texas. Their daughter, Lillie Belle Riley, was born June 7, 1897. Where? Georgia Cotton Riley died 1897-8. Where did she die and where is she buried? I do not have her parents' or how many children in the family. She may have had a sister named Rose. I have received a clue that Georgia Cotton's father may have been Shadrock Mesheck "Shade" Cotton, who was born in Alabama in 1841, married Jan. 12, 1861 to Virginia Mary Jane Hendricks in Sevier Co., Ark. He served in C. S. A. as Pvt. in Dawson's and Hardy's Co. E and K, 19th Regt. Ark. Inf. He must have moved to Texas in early days, as he lived in Limestone Co., died in Travis Co. in 1922, buried in Hontes Ridge Cemetery in Limestone Co. Would like to contact anyone having knowledge of this Cotton family.
