# PRESIDENT'S MESSAGE

Dear Friends:

Has it been a long, hot summer for you, too? Well, relax now for a few days and then begin to make your plans to join the rest of the members of the Arkansas Genealogical Society for the Annual Meeting, October 2, in North Little Rock. You'll not want to miss hearing Mrs. Cleo A. Hughes, Director of the Tennessee State Archives, as she discusses the materials available in her State for researching our families. Most of us had ancestors who came thru the State of Tennessee and this program should be of interest to us all. So - keep this date open. In another section, you will find the details you need for making your plans.

We are very pleased that several new genealogical societies have been formed in our State. One is based in El Dorado and their name is Union County Genealogical Society. They meet on the 4th Tuesday of each month (September is an exception this year) at the Barton Library at 7:00 o'clock. Another is the Ouachita-Calhoun Genealogical Society and these members meet on the 4th Thursday of each month at the Camden-Ouachita County Public Library at 7:00 PM. Both Societies would be glad to welcome anyone interested. For further information, call the library mentioned.

May I remind you to send in your family cards for our exchange file? Complete directions were given in the No. 2 issue of Vol. XIV (June, 1976). These cards, when properly prepared, will serve to put researchers in touch with others working the same lines. This service is not limited to members. When a large number of the cards has been received and filed, the box will be left with the Arkansas History Commission for the use of researchers using the Archives. This service could help to avoid the duplication of research.

And, have you sent in your ancestor chart for inclusion in our publications of same? Inclusion of your chart is a free service to you. Already some 200 of these charts have been published (in three different volumes) and the fourth volume is being prepared. But in the filling out of these charts, if you do not type, please take time to write clearly the information on the chart and please use our blanks for this. Remember the people who are transcribing your chart are also busy people and we do not have time to figure out your method of drawing up these charts. If you do type, use a new typewriter ribbon and the smaller type permits neater charts.

We have reached a membership of about 650 members - counting exchanges with other Societies - and we think this is something to crow about, don't you? We must be doing something right!

Our Editor, Mrs. Cia, is doing a great job of getting out these 650 quarterlies every three months. Let's let her know that we appreciate the job she is doing. She has several dependable persons (members of AGS) who live in the LR area who gather at her house on Tuesday to help. If you are in the area and have a free Tuesday afternoon, go by and offer your services. She'll put you to work!!

I'm looking forward to seeing you at the Annual Meeting.

Sincerely,  
  
Roberta Hollis

"The name Ball has been prominently interwoven with the social and political life of Virginia since the 1700's, through Mary Ball Washington, the mother of George Washington.

"My great, great grandmother Mary Ball was a first cousin of this distinguished woman. My great grandmother, Susannah Ball, was the wife of John Ball. The family seems clannish, consequently cousins intermarried.

"Susannah Ball was born in 1787 in Leesburg, Virginia and was married to John Ball of Fairfax County, Virginia in 1806. To this union was born one son, B. F. Ball, my grandfather. After the death of her husband she, in company with her son, who was then twelve years of age, her brother and the families of two friends started on a westward trek for the benefit of her brother's health. After traveling by wagon train for several weeks they landed in the little trading post on White River now known as Batesville, Arkansas. Because of the low, marshy condition of the surrounding country they decided to continue their journey, consequently they followed the most traveled road leading east and found a beautiful, clear, running stream of water, good fertile soil with a beautiful location for a house, so there this group decided to "settle down" and help develop the undiscovered resources of the country. My great grandmother decided to buy two hundred acres of this land in 1828 -- and this tract of land has continued in the Ball name until now without ever being mortgaged for a dollar. They have always been frugal people, believing in living within one's income.

"Susannah Ball was a Christian woman. She interested her neighbors in organizing a little church where they could come together in Christian worship and neighborhood fellowship.

"She was an educated woman and she and her son, with the aid of the neighbors, built a school house and out of honor to her named it the "Ball School House." It was my privilege to teach a three months school in this building and my cousin, Agnes Ball-Gray, was one of my pupils.

"Susannah Ball and her husband, John Ball, owned two parcels of....."

THE APPLING FAMILY  
(By Luther Greene, Jr.)

My mother, Faye Ramick Greene, was the daughter of Noah S. Ramick and Della Appling Ramick. Della Appling was a direct descendant of this Appling family.

(Sources of information are: material received from Mrs. Lavaine Appling Robinson on the descendants of Richard Appling (1658-1693/4) from which much of the data was collected by Mrs. S. A. Sullivan (a professional) for a cousin of hers; names from Bible pages sent us by Mrs. Robinson - Bible bought in Jefferson County, Arkansas, June 14, 1833, price \$7.00, by Seaborn James Appling and brought to Wise County, Texas, by his youngest son, George Washington Jolly Appling, and in possession of George W. J. Appling's daughter; correspondence from Mrs. Floy G. Neeseman on the descendants of Jesse William Appling (1783-1860); censuses, copies of wills, Goodspeed article, and cemetery listings)

Tradition says that three Appling brothers came from England to Virginia near the 17th century. They were: Richard - John - Thomas.

My line is from Richard Appling

Richard Appling (1658-1693/4 in York County, Charles Parish, Virginia) Married Margrett - last name and date not known. From book printed by State Library called Charles Parish, York County, Virginia Histories and Registers, the following items were found: Page 313, Court held March 26th, 1693/4 shows Margrett Appling, relict of Richard Appling, deceased; page 325, Margrett Appling, John Doswell & William Partridge gave bond according to law on March 26, 1694 for a true inventory to be presented at next court, and the said inventory was presented to court, York County, on May 24, 1694; court order book 12, page 215 shows that the orphans of the deceased Richard Appling by name Richard, Thomas, and Joyce be committed into custody and service of Mr. Robert Read of York Parish until of lawful age; court order book, page 537, court held Jan. 24, 1701, shows that the children of Richard Appling bound in court to Mr. Robert Read returned them again to their mother, who in court acknowledged that she fully discharged Mr. Robert Read for same. Mrs. Sullivan stated in her findings that no immediate record was found in York County following the above and assumed that about this time they and their mother must have gone to King and Queen County or some other place.

James Vaughn of Washington County, Arkansas  
and His Descendants

The 1840 census lists James Vaughn in Brush Creek Township of Washington County, Arkansas. His household was made up as follows:

<u>M.</u>		<u>F.</u>
1	5 - 10	
3	10 - 15	
1	15 - 20	1
	30 - 40	1
1	40 - 50	
	80 - 90	1

James Vaughn does not appear in the 1850 census of either Washington or adjacent Madison County. The following persons, excluding known descendants of Samuel and Daniel Vaughan, are listed in this census:

Madison County

William Vaughan, age 33, b. Tenn.

John Vaughan, age 22, b. Tenn.

Martha Vaughan, age 50, b. N. C.

Benjamin Vaughan, age 35, b. Tenn.

Elijah Vaughan, age 18, b. Tenn.

Washington County

David Vaughan, age 43, b. Tenn.

Of the above group, John, Martha, and Elijah are in age brackets that fit into the framework of James Vaughn's family as reported in 1840. In this connection note that Martha's age, being divisible by 10, might put her into either the 30 - 40 or 40 - 50 age bracket in 1840, depending upon her birth date and the time of year the census was taken.

Tax lists of the period show that James Vaughn resided continuously in Washington County from at least 1836 to 1843. During 1843 Randolph Vaughan also resided in Washington County; he continued to reside there until 1845. On the basis of the 1840 census data one may surmise that Randolph was the son of James who was in the 15 - 20 bracket in 1840.

The censuses indicate rather clearly that John and Elijah Vaughan were brothers and that Martha was their mother. In 1850 Martha and Elijah were living together in Huntsville. John was employed as a clerk and was living nearby. In 1860 John and Elijah were both married and were living in adjacent households. Both the census and tax lists of the period indicate that they were merchants in business together.

Martha and these two sons would hardly have moved from Tennessee to frontier Arkansas on their own initiative. The obvious conclusion is that when the move occurred the family included a husband and father. Of all the Vaughans known to have been living in the area prior to 1850, the only logical candidate appears to be James Vaughn. One is led to conclude, therefore, that James died or left the area about 1844, and that Martha, John, and Elijah were the remnants of his family.

Who was James Vaughn and where did he come from? One possible clue is found in the 1840 census, which shows a woman in the 80 - 90 bracket in his household. This could only be Fereby Vaughan, widow of William, one of Washington County's pioneer settlers, for we know that she was still living at an advanced age in 1840 and was not included in the census report for any other Vaughan household in Madison or Washington County. The obvious inference then is that James was a son of William and Fereby, for one would hardly expect her to be living with someone of a lesser degree of relationship when she had other sons (Samuel and Daniel Vaughan) living in the area. The principal drawback to this hypothesis is that no James Vaughn who could have been a son of William and Fereby and who had the same family composition can be located in the 1830 Tennessee census. (James should be in this census, if the suppositions to this point are correct, for his son John was born in Tennessee about 1828 and he himself evidently migrated to Arkansas after 1830.)

An alternative hypothesis is that James Vaughn was the son of John Vaughan of Hawkins County, Tenn. John Vaughan purchased land adjacent to William about 1806 when the latter too was living in Hawkins County. Among others, John had sons James L., born Oct. 15, 1795, and Beverly, born Jan. 4, 1798. (This, and related family data, is contained in the pension claim of Nancy Callicot Vaughan based on her husband John's Revolutionary War service.)

The 1820 census for White County, Tenn., contains adjacent listings for Bevley Vaughn, James Vaughn, and Elizabeth Callico. Whether by coincidence or not, the name Callico is a variant of James' and Beverly's mother's maiden name, and Elizabeth Callico subsequently migrated to Madison County and was recorded there in the 1850 census. William Vaughan also appears to have been living in the White County area at this time, though his name was not included in the 1820 census. James subsequently returned to Hawkins County for he was living there adjacent to his father John at the time of the 1830 census. He left again, however, and John's will, dated Dec. 27, 1841, states that "my sons Beverly Vaughan and James L. Vaughan has gone to parts unknown." John's son Benjamin in a deposition dated May 28, 1858, stated that by the last account he had James was in the State of Texas and Beverly in Arkansas. Beverly was, in fact, in Madison County, Arkansas, in 1840 according to census records although his stay in the area was apparently of short duration.

The combination of Beverly and James Vaughan with William during successive periods in Hawkins and White Counties, Tenn., and in northwest Arkansas is sufficiently unusual to lend support to the hypothesis that James Vaughn of Washington County, Ark., and James Vaughan of Hawkins County, Tenn., were one and the same man. A side-by-side comparison of the James Vaughan census data for 1820, 1830, and 1840 is helpful in determining whether or not this data is in fact for the same man.

1820		1830		1840	
M.	F.	M.	F.	M.	F.
3		2		1	
Under 10		Under 5		5 - 10	
1		2		10 - 15	
16-25		10 - 15	1	15 - 20	1
26-44	1	30 - 40	1	30 - 40	1
				40 - 50	
				80 - 90	1

Assuming for the moment that the data are all for James Vaughan of Hawkins County and that Martha was his wife, James would have been 24, 34, and 44 at the time of the 1820, 1830, and 1840 censuses, and Martha would have been 20, 30, and 40. The census data all check out for James. Martha fails the test for 1820, but because she is on the borderline between two age brackets the results are inconclusive for 1830 and 1840. It would appear that if all three censuses cover the same man, James either had remarried or the 1820 data were erroneous insofar as Martha is concerned.

The three boys under age 10 in 1820 would be 10 - 20 in 1830. Only 1 boy aged 10 - 15 is reported in the 1830 census, so two in the earlier census are unaccounted for. In comparing the 1830 - 1840 data, the four boys under 10 match up with four boys 10 - 20, and the one girl 5 - 10 matches the one girl 15 - 20 -- virtually a perfect match. All in all, the census figures make a reasonably good case for the hypothesis that James Vaughn of Washington County, Ark., was the son of John Vaughan of Hawkins County, Tenn. The fact that there is no established relationship between Fereby and James Vaughn does not necessarily disprove the hypothesis. There appears to have been a long relationship by association. Moreover, there could have been a blood relationship we do not know about.

Assuming that James Vaughn's identity has been established as indicated, let us explore the possible implications. I have already mentioned that the male in the 15 - 20 bracket in 1840 is most likely Randolph Vaughan. The boy in the 5 - 10 bracket would be Elijah, and one in the 10 - 15 bracket would be John. Two boys in the 10 - 15 bracket are unaccounted for. They could easily have fallen prey to one of the childhood diseases so prevalent at the time. The girl in this age bracket could have married or she too may have died.

Let us return now to the three boys under 10 in 1820 that up to this point we have not specifically accounted for. These three would be 30 - 40 in the 1850 census and at least one of them -- the one included in the 1830 census -- would be in the 30 - 35 bracket. The following Vaughns in the 1850 Madison County census (exclusive of Samuel's and Daniel's offspring) are in these age brackets:

William Vaughan	33
Benjamin Vaughan	35

In addition to the above we should add Malborne Vaughan, age 43 in the 1860 census. In 1860 Malborne was living near Benjamin Vaughan in California Township of Madison County. He was born in Tennessee and was evidently residing in White County, Tenn., immediately prior to moving to Arkansas about 1843. Washington County tax lists show Maburn and Randel Vaughan residing in that county in 1845. An obvious inference is that Malborne moved to Arkansas at the time of the death or disappearance of his father James.

I conclude from the above that two of James' older children are Benjamin and Malborne Vaughan. Malborne is probably the one reported in the 10 - 15 bracket in the 1830 census. Benjamin evidently did not return with James to Hawkins County. The 1829 Sheriff's Census for Washington County reported a boy in Benjamin's age bracket in William Vaughan's household, and he may very well have gone to live with William.

The William Vaughan who was 33 in the 1850 census may have been the third of James' older sons. If so, he must have been Malborne's twin. William's name does not appear in the 1860 Madison County census, and is missing from tax lists after 1855, so he evidently left the area.

What happened to James? I certainly don't know for certain. Perhaps he died of the same disease that apparently took the lives of two of his sons. But in view of James' brother Benjamin's statement about Texas the following record of a land patent granted by the State of Texas in 1849 is significant:

VAUGHAN, JAMES L. Received Bty Wnt 227 for 320 acres from AG on 15 Feb 1847 for service from 17 Oct to 15 Dec 1835. 320 acres in Kinney Cty were ptd to him on 12 July 1849. Pat 386 Vol 5 Abst 590 GLO File Bexar Bty 733

A book published in 1852, Abstracts of Land Claims Compiled from the Records of the General Land Office of the State of Texas, lists the following:

San Patricio Dist  
Vaughan, Jas. L.  
4605 A.  
Cls 1t  
Nueces Co.  
Surv 57  
Sec 2  
On Spring Creek

James Vaughn apparently never lived in Kinney or Nueces Counties as he is not recorded in census records of those counties. Moreover, there is no record of him anywhere in the 1850 census of Texas, which is indexed. It is possible that state or county land records may help identify the James Vaughan specified in the above land claims. As of this writing the fate of James Vaughn of Washington County, Arkansas, is a question still to be resolved.

NOTE: The writer, who is conducting ongoing research on William and Fereby Vaughan, became interested in James Vaughn during the process of sorting out both lines in Washington and Madison Counties. He would like to hear from others who are knowledgeable on either of these lines. Incidentally, James's descendants are apparently eligible for membership in patriotic societies on the basis of the Revolutionary service of John Vaughn of Hawkins County, Tennessee.

Dear Mrs. Cia,

After several hours of concentrated effort and careful compilation, I wish to present this manuscript of the "Kelley Family" for submission in "The Arkansas Family Historian". I have checked all the information compiled herein against all the source material I have collected the last three years, and everything is as correct as the preserved knowledge in Court records, Bibles, family papers, letters, etc., and the personal knowledge of living descendants as has come into my possession.

I have grown to love and have a deeper appreciation for my forebearers as a result of this work. I am particularly and deeply concerned in the preservation and gathering of the history of Pike County, Arkansas and its people. I would that circumstances were such that I could be enabled to devote a fulltime effort in this regard. Perhaps in the future I will be able to do this. I am experienced in microfilming court records and have thought that if ever the opportunity, I would derive much satisfaction in going even door to door to the descendants of Pike County's early settlers and microfilm family Bibles, old letters, Civil War documents, photographs, etc., so that this information could be preserved and in an organized manner for use of historians or people like me who are interested in discovering our family genealogy.

I have found through personal interview of many residents of Pike County that they are highly interested and more than willing to be of any help whatsoever. I have been working on a project to have a detailed history of Pike Co., and its people compiled by Nov. 1, 1983 which will mark the county's 150th anniversary. I have just written these things so that you would know where my greatest interest in family history is concerned. Thankyou for your consideration. I am pleased to have membership in the Arkansas Genealogical Society, and I hope that there will response from others interested in the Kelleys of Pike Co., I enjoy corresponding with others who share the same family background.

Most sincerely yours,

# QUERIES

WORKSHOP OF THE ARKANSAS GENEALOGICAL SOCIETY, INC. - MARCH 20, 1976  
A petition was signed by 92 people and sent to key members of the House of Representatives requesting passage of House Bill 10686. The following letter was received in response to that petition. Now we need to work for Senate Bill S. 3279. This is not for release of 1900 Census but for all Census to be released after 50 years. Write your Congressman, now.

Mrs. Leister E. Presley

Dear Friends:

Thank you for your recent communication expressing your concern over the availability of the information accumulated by the Bureau of the Census. I share your concern and understand the importance of this issue.

The 1900 Census has been available at the National Archives and the Regional Record Centers since December 1973. H. R. 10686 will assure researchers that each successive census will be available to them at a certain time in the future. As you may already know, on April 7th the House of Representatives passed this bill by a vote of 376 to 4. The bill is now in the Senate. If the Senate approves it, the bill will go to the President for his approval. If the President signs it, it will then become a law.

Genealogists, historians and other researchers all over the United States have been writing their Senators and Representatives to state their support of this bill. You might like to join in the effort to assure passage of this legislation in the Senate by writing to your Senators. Each letter helps, so the letters you send are important.

Thank you again for your views, and be assured that I did everything I could to help with this matter in the House.

Sincerely,

The Speaker

CA/nrh

94th CONGRESS  
2d Session

S, 3279

**CARLIN** Mrs. Mary Jane Noell Carter, 5701 E. Glenn # 62, Tucson,  
**BARBOUR** Arizona 85712 - I am seeking information on the CARLIN  
**NOEL/ NOELL** & BARBOUR FAMILIES. Also members of the NOELL FAMILY  
**KNOELL** who migrated to Arkansas from Tenn., Ky., Georgia.,  
**KNOWEL /NOWELL** Virginia, etc. Especially would like to hear from any-  
 one with knowledge about the Family of ZACHAIRAH NOELL,  
 & his wife MARY (POLLY) GRIZZARD NOELL, who lived and died in Henry Co.,  
 Tenn., about 1850. Large Family of children: Jesse Grizzard NOELL, a  
 son, is my Grandfather, b. 10 Sept. 1829 - lived in Stoddard Co., MO  
 & was still alive in 1892, married to Jane CARLIN BARBOUR. They were  
 believed to have moved to Ark., where Jesse died and Jane Carlin BARBOUR  
 NOELL remarried. She had three children with last names of BARBOUR, and  
 she and Jesse had one son, JOHN BAPTIST NOELL, my father. I have traced  
 one family of NOELLS that are related to Jesse, to Jonesboro, Craighead  
 Co., Ark., but I know there are more families in Ark. Jane CARLIN was  
 born in Dresden, Tenn., 1838. Daughter of Lemuel & Charlotte CARLIN,  
 lived in Obion Co., Tenn., and Graves Co., KY., before moving to Stoddard  
 Co., MO. The trail ends there, but she was believed to have remarried  
 after the death of Jesse NOELL, and lived in Ark. Will appreciate any  
 help, I receive, regarding these lines of my family.

**BRANDON** Ray D. Turner, 8694 Warner Drive SE, Salem, OR 97301 - David Younger BRANDON, b. 24 May 1838 place unknown. Had three brothers and one sister. Brothers names are believed to have been Pete; William E.; and Fred. One brother may have been a preacher and another a doctor during Civil War. Some confusion exists as to the names of the brothers as one of the sons of David Younger BRANDON thought one of them was named Sam and that the preacher was named Joshua or Elijah. David Younger BRANDON was the youngest of the children. He appears to have been in Co. B of the Jeffers Regiment of the 8th Missouri Cavalry, mustering in at Pocahontas, Randolph Co., Ark., 11 Dec. 1862, enlisting 13 Oct. 1862 at Cape Girardeau, Mo. His brother William E. BRANDON married a woman whose first name is supposed to have been Amelia, and the sister (name unknown) married a man whose name was HAM (last name). David Younger BRANDON, married 1st wife Ruth, (b. 7 Sept. 1845, place and parents unknown), date unknown but their first child, daughter Martha J. BRANDON, was born 31 Oct. 1862. Other children were William T. BRANDON, born 8 Feb. 1867; Mary Elizabeth BRANDON, born 4 Aug. 1868; Louisa A. BRANDON, born 25 April 1870; Allie W. BRANDON, born 13 Sept. 1877 and Nancy BRANDON, born 24 Dec. 1879. Birth places unknown. Ruth BRANDON, died 11 Oct. 1880 in a typhoid epidemic. David Younger BRANDON married his 2nd wife, Emlie Elzada Coets BRIANT, in Texas on 2 Jan. 1883. From this point on, I have considerable information. What I would like to have, if possible is the name of DAVID YOUNGER BRANDON'S parents, place of birth, wife Ruth's maiden name, date of their marriage. There is some verbal evidence that they may have lived in Dunklin Co., Missouri, during or after the War.

**THROWER** Ray D. Turner, 8694 Warner Drive SE, Salem, OR 97301 Any leads regarding the surname THROWER will be greatly appreciated. Hope someone can help me. Data will be gladly exchanged.

**ADAMS** George H. Adams, Route 4 Box 393, Heber Springs, AR 72543 - I need information on where my grandfather Joseph ADAMS is buried. He came to Little Rock and bought lots in Mablevale, Dec. 1881. My father John Quency ADAMS was born in or near Little Rock 29 Mar. 1883. Grandfather died 14 April 1886. My Grandmother later married John B. COLLETT and moved to Poplar Bluff, MO. Any clue leading to recorded information of their stay in Little Rock or Mablevale will be appreciated.

**SPIKES** Harold L. McNabb, 319 North Maple, Mt. Prospect, Ill 60056 - My son Paul, who recently wrote A.G.S. for  
**McNABB** information, has started us on our family search. Since  
**HOGAN** he will be overseas for two years, he has left us with the  
**JOHNSON** the job of continuing his work. We are particularly interested in settlers in Randolph Co., Ark. - Attica, Pocahontas, Ingram Mills, etc. As you may know, the Shiloh Baptist Church in Randolph Co., has an annual meeting for heirs of settlers. Several of our family are buried in the cemetery there. We drove down for the meeting this year and were amazed at how much more we could find out by being there. You may know too that a History of the Shiloh Cemetery is available. The paper is not complete, being rather a discussion of the tombstones and only the "interesting odd" ones at that. My mother's family are buried at the Thomas Cemetery near Attica. One of our tombstones merely gives the name, the places and dates of birth and death and "C.S.A. Price's Raid". We presume he was a member of the party that foraged with Price and must have been one of the few who survived. We are particularly interested in these names: McNabb, Hogan, Johnson, and Spikes. We would appreciate any help. Also would like a list of any publications which would be useful about this area, or the people, who lived there.

- GARNER** Mrs. Charles Chupet, 1365 So. Orange Drive, Los Angeles  
**HELTON** CA 90019 - Thomas J., born 1845, and wife Margaret Dowdy  
**DOWDY** Garner, b. 1850, came from Hardin Co., Tenn., to Independence Co., Ark. They were shown in the 1870 Census, Christian Township, with a daughter, Dora, age 1. Children born after 1870, were Henry; Mary E.; John Perry, born 14 June 1880; and Jesse B., b. 1882, all in Arkansas. Soundex for 1880 does not, however show this GARNER family in Arkansas. Margaret GARNER, died on 10 June 1886 in Ark. Thomas J. GARNER, d. 1889. The two older boys went to Collin Co., TX. (Dora presumably died) The three younger went to live with Mary Emita & Zachariah S. Helton, sister & brother-in-law of Thomas GARNER, in Hardin Co., Tenn. There appears to be no records concerning this action in Independence Co., or in surrounding counties. Does any one have knowledge as to where the GARNERS lived after 1870? Where Margaret GARNER died? Also where her husband died? Can anyone HELP?

**BELDING** Herbert C. Belding, P. O. Box 2315, Hot Springs, AR 71901 - If anyone can enlighten me on the "BELDING" Family, I will be greatly appreciated. LUDOVICUS BELDING came to Hot Springs, Garland Co., Ark., when same was still a Territory, from where did he come? (1814) The name is English and I have to assume the BELDINGS are some how connected with the name here, as I am told there was a RUFUS BELDING in Hot Springs. I am descendent of the "BELDING" who was a Doctor in Ravenna, Ohio. I was born in Rootstown, Ohio, 1 Sept. 1909. My father was Clayton Belding, b. 26 Sept. 1867, d. 1929. Enclosed is an article from Portage Co., Atlas, dated 1867.

**ORIGIN OF THE HUBBARD SQUASH**

"In the fall of 1831 two young lads, one of whom is now Dr. A. Belding, of Ravenna, and the other Dr. N. W. Hubbard, of Fulton City, Ill. took a tour into the southern part of the State, and, having spent some time in Butler County, returned home carrying with them some seeds of a squash, which they had found to be of a choice variety. From these seeds Bela Hubbard, father of N. W. Hubbard, raised a crop of splendid squashes. From this incident the Hubbard Squash took its name."

I was born in Portage Co., Ohio, and still have relatives there. In Randolph Twp. Cemetery, Portage Co., Ohio, there are numerous tomb stones of early BELDING people. I first came to Hot Springs, Ark. 1962, from Randolph, Ohio. There are still BELDINGS in Hot Springs and I am told that a George Belding was Mayor of Hot Springs at one time. I would appreciate finding out any connection if any.

If I can help any of the Arkansas Genealogical Society members in any way, will be glad to do so.

I have written to Harper Rowe & McGraw Hill Publishers & they have nothing.

**SCOTT** Victor K. Scott, 8930 Coan Lane, Orangevale, CA 95662  
According to information I have at hand my Grandfather Nathaniel SCOTT, died twice and was buried twice - Of course this can't be true - However, it appears that Nathaniel Scott, either died in 1895 at Yocum, Carroll Co., Ark., or at Stone Co., Mo. in 1897, and is either buried in Hale Cemetery, Oak Grove, Carroll, Co., Ark., or in the Cemetery on the State line at Blye Eye, Stone Co., Mo. He was born in 1837 in Indiana. Request is made for any suggestion as to how one would determine circumstances surrounding my grandfather. Any information will be appreciated.

**JACKSON** Mrs. John C. Jackson, Jr., 429 Church St., Tiptonville, Tenn. 38079 - Could anyone please tell me what county Gainesville, Ark., is in? Editor's Note: Greene Co., Ark. They were the parents of John Clark JACKSON, SR., born 16 Oct. 1875, other children were: Anna, Tom, Ray, and another son (I do not know his name) Where would I find Census records of this town and County? Could anyone help me with this family. Will be happy to exchange data.

**MEADOR/MEADOW** E. H. Brown, Certified American Lineage Specialist, 268 Stonewall, Memphis, Tenn 38112 - I am very interested in the article found on pages 9 & 10 of the AGS 1973 issue of Ark. Family Historian, in relation to the Meador/Meadow Family by Major Perkins Nunnally; whom I understand is deceased. This family ties in with my BROWN family in Old Ninety-Six District of South Carolina late 1700s to 1800s. Any information concerning this family will be appreciated. I am a native Arkansan, at the moment "just over the border" from my home state, so am naturally interested in families of Arkansas, and am looking forward to some good Arkansas "diggins"/

DODD; Melmouth DODD; Claude DODD, these DODDS live in Arkansas. Does any one have additional information on any of these ancestors? Write to either Elva Pearl Merriott or to Glenn DODD at either of the above addresses.

Elva Pearl Merriott would also like to contact anyone researching in Saline Co., Ark., especially the Owensville and Wesley Chapel area. Saline County was where she was born in 1902. Her last visit was in 1920 to a revival with "Dinner on the Ground" but she remembers going for a swim at noon time while helping her father on the farm land in this area. She attended Church at Wesley's Chapel, but doubts that one could even reach the place at present, but it is an old landmark back to Civil War days.

JANES Mrs. Chas. T. Holmes, Box 306, Fredericksburg, TX 78604  
 ARMING I am seeking information concerning John JANES, who  
 JONES with his wife Margaret ARMING, came from Virginia (possibly Prince George Co., VA.) to Northeast, Ark., by way of Kentucky, then Missouri, and later settled in Randolph Co., Ark. ca 1809. He died in Randolph Co., Ark. in 1826, and is buried near Nobels, Ark. According to GOODSPEED'S HISTORY of Arkansas, page 375, John JANES of Virginia was wounded in the battle of Yorktown. Information on the Revolutionary Soldiers Buried in Arkansas, by Clara Eno, states that "on 20 December 1803, John JANES, a claimant of land in the District of St. Genevieve, Missouri had a wife and nine children and had been in the country upward of 13 years." Possibly the listing is under JONES or not at all. I am trying to establish this line with the Daughters of the American Revolution. I would be most grateful if anyone could help me out.

WOOD Mrs. Myrtle Williams, 9098 Emerson, Des Plaines, ILL  
 60016 - My great grandfather, Michael WOOD was born  
 in Yellville, Marion Co., AR 15 Mar 1839, parents unknown. He was  
 apparently an orphan, along with his two sisters or half sisters,  
 Sarah, age 16, and Mary Jane, age 14. In 1850 they were living with  
 John & Dicie NAVE in Ozark Co., Missouri. They must have been des-  
 cendants of either Abraham WOOD(S) or Obadiah WOOD (or his sons,  
 William, George & James) early settlers of the area. Obadiah also  
 had a child (sex unknown) living in "nearby Missouri". Can anyone  
 help me find the names of the parents of Michael WOOD? I will be  
 happy to exchange information.

 PULLIAM (Lee Roy or Le Roy) lived in Fayetteville, Washington  
 Co., Ark., in the mid 1800s. He married Mary L. PULLIAM

 Fayetteville. If so, two or three children may have been born to them  
 before they came to Texas. We are trying to find out when and where

 and bought lots in Mablevale, Pulaski Co., in Dec. 1881. My father  
 JOHN QUENCY ADAMS was born in or near Little Rock, 29 Mar. 1883. Grand-  
 father died 14 April 1886. Grandmother later married JOHN B. COLLETT,

DORSEY Thomas J. Caperton, Director of New Mexico State  
 PECK Historic Monuments, P. O. Box 2087, Santa Fe, New  
 Mexico 87501 - At present we are conducting an in-  
 tensive research project concerning STEPHEN W. DORSEY in conjunc-  
 tion with the restoration of the DORSEY MANSION - a New Mexico State  
 Historic Monument. DORSEY was a U. S. Senator from Arkansas from a  
 about 1873 to 1876 and was involved in the railroad business in your  
 State. We are having a very difficult time tracing down his family  
 by marriage. From early newspaper accounts it appears that he mar-  
 ried one Helen Mary Wack who was from Arkansas in Feb. of 1865.  
 Helen's sister was named Madora and married John M. Peck - another  
 Arkansas politician. Would someone be so kind as to check the re-  
 cords to see if this information may be substantiated.

 anyone have knowledge of my Ancestor Wellington MC DONALD  
 supposedly born in Ontario, Canada and settled in Poweskiek Co., Iowa

 of his widow, 1903. Her obituary stated that she was a widow. Does  
 anyone have any knowledge of him? Does anyone have any advice? Would  
 appreciate any small clue.

ABNEY Mrs. John R. Edwards, 5010 Terrace Heights Dr., HOOD Yakima, WA 98901 - I am searching information on the families of my Great grandparents, Benjamin Rochester Abney and Jerusha Emma HOOD. They lived in Robinson, Benton Co., Ark., Ball Twp., prior to 1900. Parents of Benjamin R. ABNEY: J. H. ABNEY, 1840, b. Ill.; Elizabeth, b. 1836, Ill & Benjamin R., b. 8 April 1859, Ill. I believe there was a dau. but no other children listed on the 1880 Census except Benjamin R. The family was from Ill., and moved to Paris, Logan Co., Ark., prior to moving to Robinson, Benton Co., Ark. Elizabeth may have died in Paris, while visiting her daughter, ca 1900. JERUSHA HOOD'S parents were: Benjamin, 1840, Ga., wife (?), Jerusha, b. 18 July 1863, Ga.; Allis B., b. 1863, Ark.; Natta N., b. 1868, Ga.; Joseph M. b. 1876, Ark.; Robert A. b. 1874, Ark. Mrs. Hood died between 1874 & 1880. The family moved from Ga., to Ark., between 1863 and 1868 to Robinson. The ABNEYS & HOODS were next door neighbors in Robinson. Benjamin married Jerusha, 17 June 1880 in Robinson. Approximately 1897 the ABNEYS moved to Mayfield, Washington Co., Ark. Benjamin (sometime called Bud) built a grocery store and a mill in Mayfield and was their first Post Master. He was also Post Master at War Eagle Mills, Madison/Benton Co., Ark., about 1900. The ABNEYS later moved to Bellefonte, Boone Co., Ark. and built the ABNEY HOTEL. About 1914 the ABNEYS moved to Roswell, New Mexico, then to California. Benjamin and Jerusha are buried in La Habra. I hope to find more information on the HOOD family. They are related to the famed Gen. John Bell HOOD of the Civil War Era. I will gladly exchange information.

- VANDERPOOL C. R. Vanderpool, 3118 N. E. 32 Ave. Portland, OR  
 97212 - My great grandfather, William VANDERPOOL &  
 his wife Mahala & several members of his family were in the 1870 &  
 1880 census in Jasper, Newton Co., Ark. Wm. VANDERPOOL d. 1885  
 can anyone help me with the birth or death dates of any of the others  
 in his family? I would like to know of any books or microfilm that  
 could be sent to Portland, OR on an inter-library exchange.
- SMITHEY LT. ALBERT H. MOLTER, USN, RET., 2601 East Ocean Blvd.,  
 HANN #609, Long Beach, CA 90803 - On 10 July 1889, Texarkana,  
 TOMS Miller Co., Ark., a marriage was performed between  
 Charles L. SMITHEY & Anna D. HANN (Book E, page 307)  
 On 28 Oct 1896, same city, a marriage was performed between Chester  
 W. E. TOMS & ANNA M. HANN (Book H, Page 386) The tradition is as  
 follows: both SMITHEY & TOMS were the same man, but the name was  
 changed (or corrected - we do not know which) and another marriage  
 ceremony was gone through, to get the record straight. The middle  
 initials are different but the ages co-incide. Were two different men  
 involved? We have been unable to find out. Was there issue from the  
 marriage of Anna M. HANN & Chester W. E. TOMS? We know of two sons  
 who were born in 1901 & 1906, which is a little unusual for the time  
 when the first child was usually born within 18 months. This would be  
 1898. I would very much appreciate any help or advice. Mr. TOMS  
 have been employed in the City Clerk's office prio to 1900.
- HOLMES Mrs. Elmer A. Holmes, 15 West Alpine Dr., Oklahoma City  
 OK 73109 - My request in the June 1976 Arkansas Family  
 Historian, asking for help on the HOLMES Family in the Harrison &  
 Bellefonte, Boone Co., Ark. area. Through this QUERY I got a contact  
 the wife of my mother-in-law's cousin, which furnished me with a lot  
 of data I had been looking for, for a long time! I had the address of  
 this lady before but misplaced it and now a lady in Alpena, Boone Co.,  
 Ark., Mrs. Elizabeth M. Isaack, Rt. # 1, looked in her phone directory  
 and sent me the name & address. I sure was happy to get her letter.  
 Now another request- I hope someone in that area will be able to  
 survey the HOLMES cemetery for us, this lady tells me it is located  
 five miles south of Bellefonte, and is on high ground & well kept for  
 a Country cemetery. She said Robert HOLMES, b. 27 April 1793, d. 7 ?  
 1861, came to Ark., from middle Tenn., homesteaded 80 acres and bought  
 up a lot of land in Boone County, Ark. He also gave the land for the  
 HOLMES Cemetery, where many many of the HOLMES Family are buried.  
 There is another Cemetery I believe it is called MAPLE or MAPLE  
 HILL. It is in the Harrison area, but not sure of location. I under-  
 stand many others are buried there. I hope in time all cemeteries  
 are inventoried. I would especially like data on this HOLMES Cemetery  
 as it is a very old cemetery & a lot of the markers are faded so badly  
 probably all the numbers cannot be copied now. The lady who gave me  
 the information is 85 years old, & no way to get around, to get data  
 from the cemetery. I hope some of the younger ones will be interested  
 enough to get this for us.
- SUDDUTH Sylvia L. Sudduth, 18321 S. Normandie, Gardena, CA

 are enclosed, with what little we have been able to obtain.
