EDITOR'S NOTE: Our many, many thanks to Mr. Robert W. Dhonau, 4410 Lee Ave., Little Rock, AR 72205. We were making an all out effort to get this first Ancestor Chart Book together in time for the Fourteenth Annual Meeting, and everyone is so busy, but thanks again to "Bob" for helping with the index. If you have never tried to do an index, this would be a good place to start, on an Ancestor Chart Book! Mrs. Larry P. Clark also needs to have a large thank you, as she worked out the system and helped get the index on the way for our Annual Meeting.

As has been mentioned before our heavy stapler (which is the property of Arkansas Genealogical Society, Inc.) will only staple this size book securely. Again so many names are gathered together in this book, it was decided to make a continued effort, and so we will begin soon on Ancestor Chart Volume II.

To new members (and we are still gaining all the time) send in your Ancestor Charts, soon as possible. Take enough time to make them out correctly, but send them as we are trying to get them in some order for the next book.

To the slow members, the some other time members, not today members, let's get going or the new members will all have their Charts in the books and ours will be left out. Mine got left out of the Number I Volume, but it will be in the second one. I had a couple others things to do, and couldn't get it ready for the first one.

For awhile they were not returning very fast, but now there may already be enough for at least three Volumes (maybe more).

If you have a line that may touch one of the Names in this book, be sure to contact the compiler, as they may have more information on your line than they have on their own. If you have information on any of the names listed, also contact the compiler, as all help will be appreciated and that is what this is all about, to try to further the information and share with each other.

Additional Charts (forms) may be obtained. Send a large self addressed Stamped Envelope (S.A.S.E.) to 4200 "A" St. Little Rock, AR 72205 with request.

If you have enjoyed this ANCESTOR CHART INFORMATION, let us know.

Elaine Cia (Mrs. M. B.)
Editor

P. S.
BE SURE TO USE BLACK INK, A GOOD CLEAN TYPEWRITER RIBBON.
MAKE CORRECTIONS WITH "LIQUID PAPER" (can be bought at most Drug Stores, Office Supply, Variety Stores, for about \$1. per bottle).

EDITOR'S NOTE:

Our many, many thanks to Mr. Robert W. Dhonau, and Mrs. Larry P. Clark, for helping with the Index. It does take busy people to get things accomplished! As has been mentioned before our heavy stapler (which is the property of Arkansas Genealogical Society, Inc.) will only staple this size book securely. Many charts are still on hand and are being made ready for Volume III. To new members (and we are still gaining all the time) send in your Ancestor Charts, soon as possible. Take enough time to make them out correctly, but do send them. AND REMEMBER - use a good dark typewriter ribbon, make nice clean corrections with (Liquid Paper, or some other correction fluid) send the original to us (you keep the copy!) We would rather you type your chart, as there is much less chance of error, if you do your own. However if you cannot type or print clearly - do the best you can, and send them to us.

Everyone is encouraged to write any compiler, even the tiny clue just might cause a great break-thru to another generation.

To the long-time members - you are not to late either - even if your chart is not completely filled out - maybe someone can give you a clue. Not many need more help on their lines than your editor does!

Our many, many thanks again to Mr. Robert W. Dhonau, and Mrs. Larry P. Clark, for helping with this Index. It does take busy people to get things accomplished! As has been mentioned before, our heavy stapler (which is the property of Arkansas Genealogical Society, Inc.) will only staple this size book securely. Many ANCESTOR CHARTS are still on hand, and are gathered for the Volume IV. Many of these will need to be retyped, as the Multilith Machine will not pick up dim typing, pencil, etc. When you send your Charts try to have them in dark type or BLACK ink.

To new members (and we are still gaining members all the time - 620 at present, on our membership list!) send in your Ancestor Charts, soon as possible. Take enough time to make them out correctly, but do send them. (NOTE: make nice clean corrections with LIQUID PAPER, or some other correction fluid - send the original to us (you keep the copy!) We would rather you type your chart, as there is much less chance of error, if you type your own. However if you cannot type or print clearly do the best you can, and send them to us.

EDITOR'S NOTE:

Our many, many thanks to Mr. Robert W. Dhonau, again for making this, our Fourth Ancestor Chart Volume. This time he was waiting not patiently, but waiting for his book "JOSEPH STILLWELL" to come back from the Hardback Binding Company. If you think that is ONE NICE FEELING, just try getting your own family records, down on paper and then to the Binding Company!

Charts are still coming in to our office, so if you have not turned your Chart in for publication, it is still not too late. Take your time, fill in all available dates (correctly, as possible) type with good clean type, and nice dark ribbon, correct with Liquid Paper (or any other good correction fluid) then send them to: 4200 "A" Street, Little Rock, AR 72205.

Volume V is now being gathered and many are being retyped, sometimes type is light, (and some have sent Xeroxed copies - you keep the copy and send us the original!) The 805 Multilith machine sometimes gives back a better copy, but it will not pick up very faded copy. These records will be around when all of us are long gone. We hope our Copyright copies will be well preserved in Washington, D C. When you are in Washington ask to see our Arkansas Family Historian, along with the Ancestor Chart Volumes. They should be in the Jefferson Room.

We would rather you would type your own chart, but if you cannot type, send it with the best writing possible, and someone will try to get around to typing. Much less chance of error when you do you own.

Everyone is encouraged to write to any compiler, even the tiny clue just might cause a great break-thru to another generation.

To the members who keep putting off getting their Charts ready, you are not to late yet, but there will come a time, when you will have waited to long! Better get going, even if you cannot fill your chart out completely - maybe someone else can give you just the help you need. It has already happened, many are surprised, when some unknown person writes and tells them all about some missing link.

If you write to one of the compilers and your letter is returned, write to your EDITOR for the change of address. The POSTAL SERVICE COLLECTS 25 cents to let your Editor know, and they seem to enjoy being the first to know so they can collect. If you will let us know about a change of address, it will help our ARKANSAS GENEALOGICAL SOCIETY'S FINANCIAL CONDITION! When a Quarterly is returned for a better address, that costs 58 cents, and the rates continue to rise!

EDITOR'S NOTE:

Our many, many thanks to Mrs. Harold Alspaugh, 1016 Highland Drive, Magnolia, Arkansas 71753, for indexing this our Volume V Ancestor Charts. Much effort is involved in these Volumes, and they have become very important to many of our members and readers. At the beginning (1975) they were very slow coming back to our office for publishing. Only 17 were in our hands for several months, then all of a sudden, they came in bunches. Many have needed to be re-typed because they were so light, others were hand-written (but that is fine, if you cannot type - the information is there and can be typed by some of our very busy volunteers). Anyway our supply of Volume I and Volume III is becoming very low.

Volume VI is now being gathered for 1977 and others will be gathered for future publication. Volume I, was released October 1975 Volume II released February 1976, Volume III released June 1976, Volume IV released October 1976, and now Volume V released February 1977.

Please send the best typed original copy (you keep the Xerox) the 805 Multilith machine sometimes gives back a better copy, but it will not pick up very faded copy. Your descendants may be delighted to find your Ancestor Chart, many years from now, while looking for records in Washington, D.C. or some Library, not to mention your own Library. When you are in Washington ask to see our Arkansas Family Historian, along with the Ancestor Chart Volumes. They are all being sent for Copyright and should be in the Jefferson Room.

We would rather you would type your own chart, but if you cannot type, send it with the best writing possible, and someone will try to get around to typing. Much less chance of error when you do your own.

Everyone is encouraged to write to any compiler, even the tiny clue just might cause a great break-thru to another generation.

To the busy members, who keep putting off getting their Charts ready! You are to late yet! But there will come a time, when you will have waited to long! Better get going, even if you cannot fill your chart out completely - maybesome one else can give you just the help you need. It has already happened, many have had nice surprises. When some unknown person writes and tells something, years of research has not revealed, that is a surprise.

If you should write to one of the compilers and your letter is returned (mail does not always reach - the first time, even tho it is properly addressed) write your editor for the change of address, as people to MOVE. The POSTAL SERVICE COLLECTS 25 cents (at present) to let your EDITOR know, and they seem to enjoy being the first to know so they can collect.

When you do MOVE - let our office know as soon as possible the new address. It will help our ARKANSAS GENEALOGICAL SOCIETY'S FINANCIAL CONDITION! When a Quarterly is returned for a better address, that costs 64 cents and the rates continue to rise!

EDITOR'S NOTE:

Our many, many thanks again to Mrs. Harold Alspaugh, 1016 Highland Drive, Magnolia, Arkansas 71753, for indexing this our Volume VI Ancestor Charts. Much effort is involved in these Volumes, and they have become very important to many of our Arkansas Family Historian members and readers. When we first thought about compiling these Ancestor Charts, in 1975, they were very slow in being returned to our office to be published. Only 17 were returned for several months. Suddenly and to the present they are really being returned, several each day!

Many of the Charts need to be retyped. Some are typed on very light typewriter ribbon. Some are not very good xerox (you keep the Xerox & send us the original!) Our 1250 Multilith machine in wonderful with the help of the 805 Multilith, but neither will pick up very light copy. If you cannot type, write or print the best you can and someone will try to find time to type. Remember how important these will be a few hundred years from now, and we do want them to be able to read them!

Those of you, who have delayed ordering Volume #1 will be disappointed. And no time to re-print as many are waiting to be printed for the first time. However if you are in Washington, D. C. you might ask in the Jefferson Room and see any or all the Ancestor Chart Volumes, as all have been sent for Copyright.

-- Everyone is encouraged to write to any compiler, even the tiny clue just might cause a great break-thru to another generation. Many are already sharing information with each other. Those of you who have not sent in your Ancestor Chart - better get going - it's not to late yet - but we are thinking of another project and may discontinue the Ancestor Charts, any time.

If you should write one of the compilers, and your letter should return, write: 4200 "A" Street, Little Rock, AR 72205 - for a better address - people do move, but most of the time, they do let us know the new address - THANK YOU! FOR LETTING US KNOW - IF YOU SHOULD MOVE!

OUR MANY THANKS to the various busy volunteers, who have taken the many Charts and typed them for our publication.

EDITOR'S NOTE: Our many, many thanks this third time to Mrs. Harold D. Alspaugh, 1016 Highland Drive, Magnolia, AR 71753, for indexing this our Volume VII Ancestor Charts. Much effort is involved in these Volumes, and they are helping to make good contacts with others who are working on their same Families, and giving clues to others.

EDITOR'S NOTE: This Volume completes our VIII Ancestor Charts! Much effort has been used in getting all this very valuable information (much has needed to be re-typed) gathered, numbered, printed, indexed, Compiler's list typed, collated and ready for our members and readers.

Much of Volume IX has been gathered, so at a later date that too will be prepared. This is the result of our very fast increase in membership, these past few years. Each new member is sent a blank Ancestor Chart, along with the first Quarterly they receive and many new members complete them and return them in very good order. Others are not as complete, as they would like, but that is one of the big reasons for these Ancestor Chart Volumes! Other members help in many cases, when the Charts are not complete.

Special thanks to Wanda Durham, Rt. 1, Box 220-A, Alexander, AR 72002 for re-typing many many of these Charts, and to one of our newest members, Mrs. Wanda Amo, 1421 N. University, Apt. S-326, Little Rock, AR 72207 for this Index. (If you have never indexed one of these Volumes - you might try it! That's not easy!)

Everyone is encouraged to contact anyone, if you have a tiny clue to help them - they may be at a dead end, for the present and need just a little clue.

Elaine Cia (Mrs M.B. Cia, Sr.)

EDITOR'S NOTE: Our many thanks again to our new member on the 1978 Board of Directors, Mrs. Wanda Amo, for indexing this Volume IX Ancestor Chart Volume. Mrs. Wanda Durham, also our many many thanks, for typing many of these and other Ancestor Charts, for several of our other Volumes. She is already busy typing more Charts for Volume X.

If you have not already sent your Ancestor Chart to be included in one of the future Volumes, better get busy, we would not like for anyone to be left out, but they will not be published always. We like to think, about our descendants finding some of these Volumes, maybe 100 years from today, and try to imagine how happy they will be to think their Ancestors looked ahead and tried to make their research a little more easy for them.

Type them if you can. Nice clean, typewriter keys, dark ribbon, and liquid paper (or some other good correction product). You keep the zerox copy and send us the original, the better the original, the better the copy is reproduced.

Many nice comments have been made already, about our continued effort to publish our Ancestor Charts. And they have made great contacts for many of our members. If you see a family name, you know someone is interested in researching, be sure to let them know, nice things happen when you share with others.

Sincerely,

Elaine Weir Cia

Elaine Weir Cia (Mrs. Mario B.)

EDITOR'S NOTE: The Ancestor Charts in this Volume were turned in by the recent Genealogical Sessions held at the Laman Library in North Little Rock, Arkansas.

Some of the members of that Session have already turned in their Ancestor Charts, and they have been published in some of the earlier Volumes.

Other Groups are encouraged to send in their Ancestor Charts and may be, either published in a Volume, or at least all in one certain Volume. You may write for Blank Ancestor Charts prior to these Sessions. We would like to have as much Arkansas History as possible.

Sincerely
Blaine Weir Cia
(Mrs M.B. Cia, Jr.)

EDITOR'S NOTE: Our many thanks to Mrs. Wanda Amo for indexing this our Number Ten Ancestor Chart Volume. And our many thanks to Mrs. Wanda Durham for typing this index. If you have never indexed one of our Ancestor Chart Volumes, you might try that sometime! Also if you have not recorded information from a Cemetery, you might try a very small one for a beginning! All these projects are very time consuming, but very worth while, as many people would have no way to do many of these things, but with all our efforts combined, we are making great progress.

When these Ancestor Chart Volumes first began in 1975, 17 were gathered in a three months period! But our new members have filled in many Charts and some of the long-time members still send one along every now and then. These are not Charts that only take a few minutes. When they are completed they are very valuable, and many contacts have been made thru these and the Query Section. If you can help further any of this information, please do not wait - write a helpful note, as soon as possible, you may open up several generations, by just a small hint.

If you have not sent your Ancestor Chart yet, it is not too late now, but we are gathering Family Group Sheets, and hope to begin publishing them before long. Much time and thought has to be spent before one of these valuable Volumes can be printed. When we do start printing the Family Group Sheets, our Ancestor Charts will have to wait a little longer between Volumes. If you need more Ancestor Charts or Family Group Sheets, send your request along with your self addressed stamped envelope (S.A.S.E.) to: A. G. S. - 4200 "A" Street, Little Rock, AR 72205

REMEMBER TO ALWAYS SEND S.A.S.E. when you hope for an answer!

EDITOR'S NOTE: This is our ANCESTOR CHART VOLUME TWELVE (XII). Our membership list is growing each day & many of our member have found many unknown relatives thru our many many projects.

On or before our Annual Meeting this October 14th, 1978 we hope to have Volume XIII completed, that will make five Volumes of Ancestor Charts this 1978 year.

Also on or before our Annual Meeting we hope to complete Volume I and also our Volume II Family Group Sheet Volumes. We have been gathering all these Charts and due to our large increase in membership, we have had to reprint several quarterlies, so our new members could enjoy all the issues for this year.

If you have not sent your Ancestor Chart for publication (you are missing many contacts) but it is not too late do it now, as there will come a time when we will not publish them any longer. Type them if possible, with a good dark ribbon, and clean typewriter keys. Remember - the original must be good, or the copy will not be good. If you cannot type, write as clear as possible, and we hope some of our volunteer members will type them for you. Sincerely

Elaine Weir Cia, Editor

EDITOR'S NOTE:

This is our Fourteenth Ancestor Chart Volume!

Busy people do many important things in our Arkansas Genealogical Society!

Our thanks to our very busy Membership Chairman (really she is a lady!) for this index.

If you have never Indexed anything.... you might begin with one of these ANCESTOR CHART VOLUMES!!!! Any index should be appreciated, but after you have done an index, you will really appreciate the next one you happen to see.

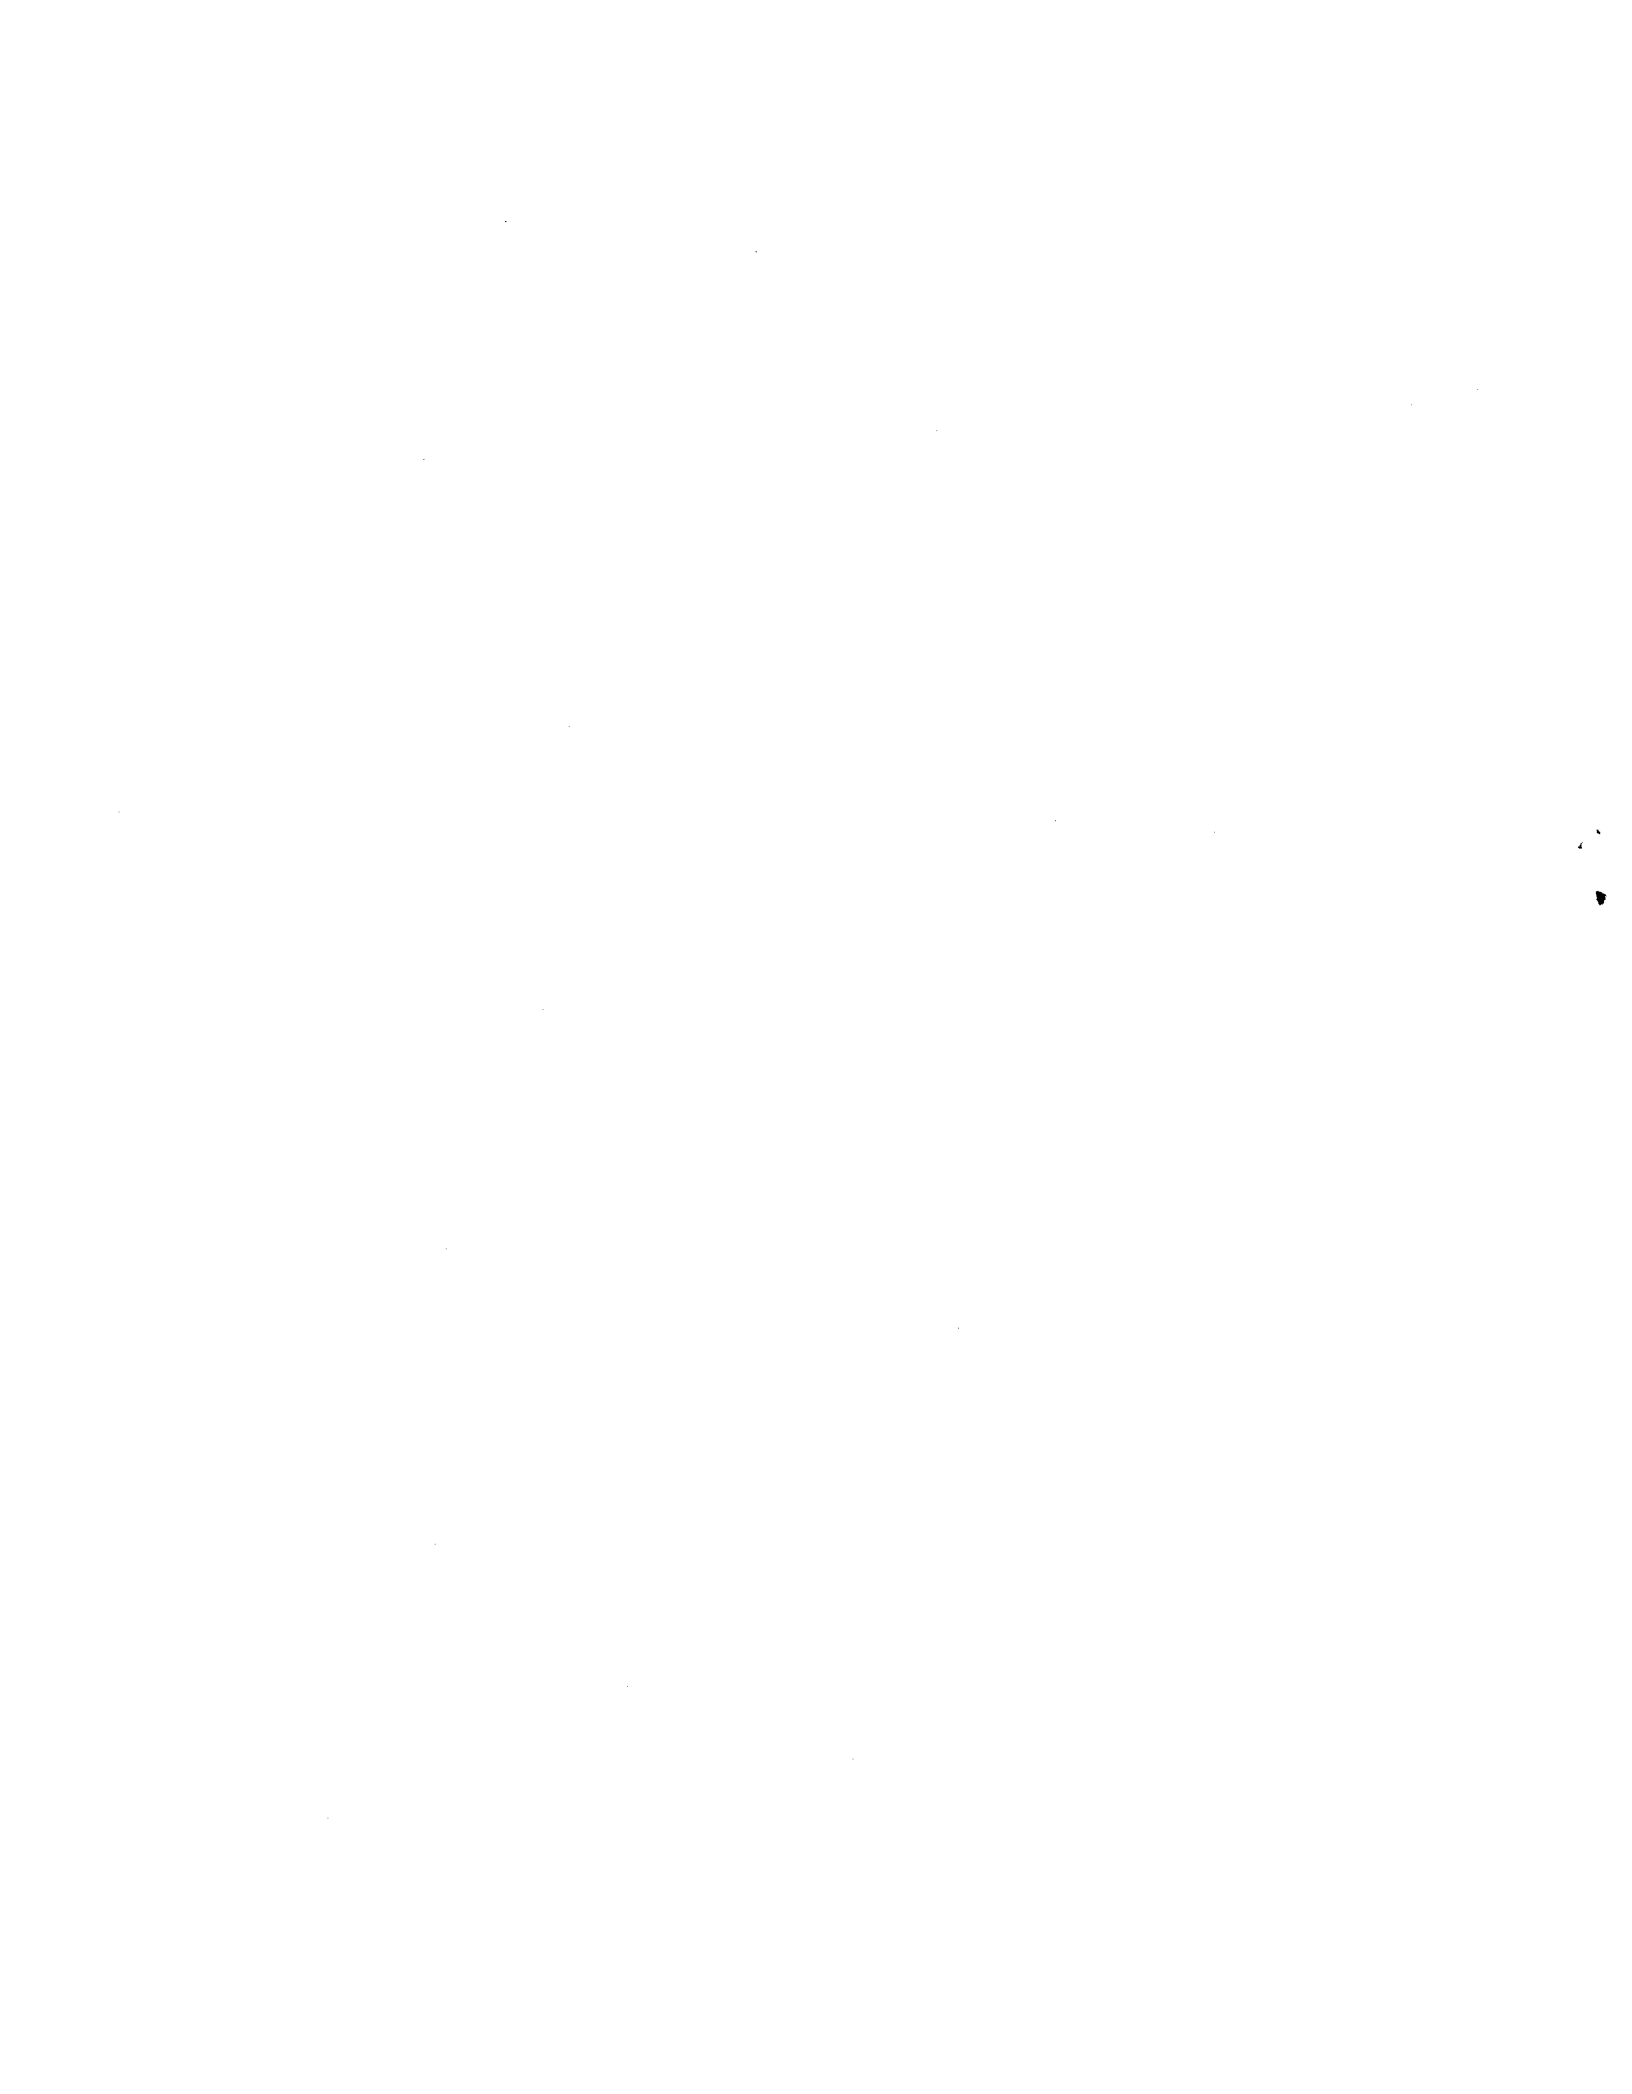

Volume Fifteen is now being Indexed by Ms. Marge Hubbard also.

Additional Volumes are being gathered and many of the Charts are waiting to be Typed.

That is another great job, but for a good typist! Many Charts come to the office, typed very nicely, others (not typed and very hard to read) so those will take a while longer.

This 1979 year has been unusually busy, so many new members, and many many Queries (also very hard to understand and re-type) but with all these projects, we seem to be making great progress. REMEMBER EVERYONE is encouraged to correspond with anyone you can help with even a tiny clue.

Claine Weir Cia,
Editor

 EDITOR'S NOTE: This is our 16th
 Ancestor Chart Volume!
 If you have never Indexed anything,
 you might begin with one of these
 Ancestor Chart Volumes!!!!!! Any
 index should be appreciated, but
 after you have done an index, you
 will really appreciate the next
 one you happen to see....
 Additional Volumes are being
 made ready, however all Charts must
 be typed before they are sent to
 us, we are so busy, and so many
 chances of error when others type
 genealogical charts.

EDITOR'S NOTE:

This is our 18th ANCESTOR CHARTS VOLUME published by the ARKANSAS GENEALOGICAL SOCIETY, INC.

Our first ANCESTOR CHART VOLUME was very hard to gather (took us about five months to gather enough Charts for one Volume!). Then many of them needed to be re-typed, but since that time so many new members have requested membership in our Society, we have had a very hard time trying to keep enough Quarterly publications printed for everyone.

This is only one of our many projects, and it takes a lot of time to organize a new Ancestor Chart Volume. We have had to STOP placing Charts which are not typed ready to photo-copy. In the first place, we take too many chances of error, when names and dates can not be clearly read. (Some writing is not only BAD...it is terrible). We know much information will be passed over, but a chart with errors is worse than no chart at all...it may cause many years on the wrong track.

These charts are in much demand, by serious genealogical researchers and many public libraries, request them as soon as they are published.

We try to make our publications easy to research, but we do need help on your part too!

After the charts are gathered and placed in alphabetical order, then numbered, then printed, then indexed, then the index is typed, and then printed, and only then is the compiler's list typed and printed. Also every Volume is placed on COPYRIGHT. Even the copyright office, does not understand how we get so much information into print.

These Charts have been compiled by our interested members, who like to share their valuable research with others.

Our many thanks to Wanda Amo, Director for this index, she takes them to index as soon as they are printed...so they can be finished as soon as possible (finances are usually the 2nd problem, printing time is always a big problem, so is number one.

Along with Bible Records, Cemetery Records, WILLS, Marriage Records, etc., these are great ways to help document your records. Happy Hunting...

Clair Weir Cia, Editor

EDITOR'S NOTE: Our many thanks again to
our busy Exchange Chairman, Wanda Amo
for this INDEX!

EDITOR'S NOTE: This is our 19th ANCESTOR CHART VOLUME - published by the
ARKANSAS GENEALOGICAL SOCIETY, INC.

Our first ANCESTOR CHART VOLUME was very hard to gather (took us about five months to gather enough Charts for one Volume!). Then (as well as now (many of them needed to be re-typed)). We do not have a typing service, and much more work needs to be done by your EDITOR, so it is necessary for everyone to send their CHARTS to us ready to be photo-copied. Once in a while we do try to use a chart that is hand printed, but those as a rule are hard to read and very hard to re-print. And when the entire volume is in need of something...the volume becomes something we would rather not send out from ARKANSAS...so we just decided to return any charts to the compiler (we do not want to take needless chances or error!)

Many many new members have been added to our ever-growing list of AGS Members...and some are being exposed to information and charts for the very first time...many tell us their nearest Library is over 100 miles away (and we really fee for them!)...others have time problems, and even tho the Library is only a few blocks away, the Library seems to keep the same hours, etc. These Ancestor and Family Group Sheet Volumes are very popular and many request "send as soon as published, and bill".

Serious researchers have expressed great interest in these Volumes. AND some few other Societies are publishing CHARTS both in their publications and in special additional publications, which is a great help to every one.

We have a great machine (and thank goodness) some of the compilers really do take advantage of the margins and even go so far as to place a patch on the side and continue to type (wonder how that would look, with little spots sticking out here and there!!!) We can reduce the entire page, and get it all on the well known 8½ x 11 page, as the following page most likely has nothing to do with the preceding page.

The 1980 year was filled with printing and re-printing (and we finally found it necessary to end our membership about two months early...just ran out of our publications. When you renew by the first of January, you are sure to receive all four Quarterlies, unless the mail man cannot find you, and with some few the mail service & your Editor does have a time!

We have not published ANCESTOR CHARTS OR FAMILY GROUP SHEET VOLUMES since the early part of 1980...had to catch up on other publications, but now we will print as time and finances will permit.

Clair Weir Cia, Editor
