By Act of June 4, 1812, the District of Louisiana was changed to the Missouri Territory. The County of New Madrid then extended into the present State of Arkansas roughly to an east - west line on the Mississippi river opposite the present site of Memphis.

On December 13, 1813, the County of Arkansas, Missouri Territory, was formed of what is now about the southern two - thirds of the State. On January 15, 1815, Lawrence County was formed from the southern part of New Madrid County, Missouri Territory.

The 75 counties of today were carved out of these first two counties. The first action to accomplish this was taken December 15, 1818, when Clark, Pulaski and Hempstead were formed from the western part. By constant change Arkansas county lines were altered six times and Lawrence county changed five times.

March 2, 1819, Congress created the Territory of Arkansas out of the Missouri Territory with the five counties which included a great deal of the present state of Oklahoma. Two areas of Indian Territory - the Quapaw and Osage - were included in the area of the present State.

From the time Arkansas Territory was created until Statehood was granted on June 15, 1836, 29 more counties were established for a total of 34.

After Statehood a steady formation of counties continued until the seventy-fifth, Cleburne, was established in 1883. The years bringing the most counties were 1829 with six and 1833 with seven.

One county, Levely, was consolidated with Crawford in 1827, and thus abolished. The names of two other counties were changed - Sarber became Logan, and Dorsey became Cleveland County in 1885.

EDITOR'S NOTE:

Our many, many thanks to Mrs. Harold Alspaugh, 1016 Highland Drive, Magnolia, Arkansas 71753, for indexing this our Volume V Ancestor Charts. Much effort is involved in these Volumes, and they have become very important to many of our members and readers. At the beginning (1975) they were very slow coming back to our office for publishing. Only 17 were in our hands for several months, then all of a sudden, they came in bunches. Many have needed to be re-typed because they were so light, others were hand-written (but that is fine, if you cannot type - the information is there and can be typed by some of our very busy volunteers). Anyway our supply of Volume I and Volume III is becoming very low.

Volume VI is now being gathered for 1977 and others will be gathered for future publication. Volume I, was released October 1975 Volume II released February 1976, Volume III released June 1976, Volume IV released October 1976, and now Volume V released February 1977.

Please send the best typed original copy (you keep the Xerox) the 805 Multilith machine sometimes gives back a better copy, but it will not pick up very faded copy. Your descendants may be delighted to find your Ancestor Chart, many years from now, while looking for records in Washington, D.C. or some Library, not to mention your own Library. When you are in Washington ask to see our Arkansas Family Historian, along with the Ancestor Chart Volumes. They are all being sent for Copyright and should be in the Jefferson Room.

We would rather you would type your own chart, but if you cannot type, send it with the best writing possible, and someone will try to get around to typing. Much less chance of error when you do your own.

Everyone is encouraged to write to any compiler, even the tiny clue just might cause a great break-thru to another generation.

To the busy members, who keep putting off getting their Charts ready! You are to late yet! But there will come a time, when you will have waited to long! Better get going, even if you cannot fill your chart out completely - maybesome one else can give you just the help you need. It has already happened, many have had nice surprises. When some unknown person writes and tells something, years of research has not revealed, that is a surprise.

If you should write to one of the compilers and your letter is returned (mail does not always reach - the first time, even tho it is properly addressed) write your editor for the change of address, as people to MOVE. The POSTAL SERVICE COLLECTS 25 cents (at present) to let your EDITOR know, and they seem to enjoy being the first to know so they can collect.

When you do MOVE - let our office know as soon as possible the new address. It will help our ARKANSAS GENEALOGICAL SOCIETY'S FINANCIAL CONDITION! When a Quarterly is returned for a better address, that costs 64 cents and the rates continue to rise!
