EDITOR'S NOTE:

Our many, many thanks again to Mrs. Harold Alspaugh, 1016 Highland Drive, Magnolia, Arkansas 71753, for indexing this our Volume VI Ancestor Charts. Much effort is involved in these Volumes, and they have become very important to many of our Arkansas Family Historian members and readers. When we first thought about compiling these Ancestor Charts, in 1975, they were very slow in being returned to our office to be published. Only 17 were returned for several months. Suddenly and to the present they are really being returned, several each day!

Many of the Charts need to be retyped. Some are typed on very light typewriter ribbon. Some are not very good xerox (you keep the Xerox & send us the original!) Our 1250 Multilith machine in wonderful with the help of the 805 Multilith, but neither will pick up very light copy. If you cannot type, write or print the best you can and someone will try to find time to type. Remember how important these will be a few hundred years from now, and we do want them to be able to read them!

Those of you, who have delayed ordering Volume #1 will be disappointed. And no time to re-print as many are waiting to be printed for the first time. However if you are in Washington, D. C. you might ask in the Jefferson Room and see any or all the Ancestor Chart Volumes, as all have been sent for Copyright.

-- Everyone is encouraged to write to any compiler, even the tiny clue just might cause a great break-thru to another generation. Many are already sharing information with each other. Those of you who have not sent in your Ancestor Chart - better get going - it's not too late yet - but we are thinking of another project and may discontinue the Ancestor Charts, any time.

If you should write one of the compilers, and your letter should return, write: 4200 "A" Street, Little Rock, AR 72205 - for a better address - people do move, but most of the time, they do let us know the new address - THANK YOU! FOR LETTING US KNOW - IF YOU SHOULD MOVE!

OUR MANY THANKS to the various busy volunteers, who have taken the many Charts and typed them for our publication.
