The 75 counties of Arkansas were for the most part given their official names in honor of some national or state leader who figured in the early peace or wartime history of the state and federal governments. However, several received their designations from the names of rivers, natural formations or in commemoration of the Declaration of Independence and the union of colonial states. Dates of their creation and distinguished men or highlights in history for which their counties were given their names was copied from an old newspaper (date unknown) but possibly the newspaper was the Arkansas Gazette, published in Little Rock, Arkansas.

EDITOR'S NOTE: At least one County History has been published, for most of these counties. Write the Library of the county (Enclose self addressed stamped envelope - S.A.S.E.) for the address to buy or at least research.

Most who have done research on this branch of the woods line seem in agreement to this point and on to Rt. Rev. Edward Loftus. Some have carried the line of Mary Rice (Rhys) on back to Henry I of France (1011-1066) & Henry III of England (13th Century). I have carried the line even further back with many related lines, but will not include them until I may find proof enough to satisfy me on a few of the generations. I will be happy to exchange info. with anyone who may be interested in studying this line before 1500 to 1600.

EDITOR'S NOTE:

This is our Fourteenth Ancestor Chart Volume!

Busy people do many important things in our Arkansas Genealogical Society!

Our thanks to our very busy Membership Chairman (really she is a lady!) for this index.

If you have never Indexed anything.... you might begin with one of these ANCESTOR CHART VOLUMES!!!! Any index should be appreciated, but after you have done an index, you will really appreciate the next one you happen to see.

Volume Fifteen is now being Indexed by Ms. Marge Hubbard also.

Additional Volumes are being gathered and many of the Charts are waiting to be Typed.

That is another great job, but for a good typist! Many Charts come to the office, typed very nicely, others (not typed and very hard to read) so those will take a while longer.

This 1979 year has been unusually busy, so many new members, and many many Queries (also very hard to understand and re-type) but with all these projects, we seem to be making great progress. REMEMBER EVERYONE is encouraged to correspond with anyone you can help with even a tiny clue.

Editor
