EDITOR'S NOTE:

This is our 8th Volume of Family Group Sheets, published by the Arkansas Genealogical Society, Inc.

These Charts have been compiled by the members and readers of our Arkansas Family Historian. Many read our publications in both Public and Private Libraries. Thru our large exchange program other Societies share our information and all are encouraged to help others, who are working on the same lines. Every one is encouraged to help with any corrections or additions (if you can help, please do not hesitate to write, as many have more information in their files, and are happy to share.

We will continue to publish these charts, when the information becomes available to our office (and as our finances will allow). These Charts are published without charge (only need to wait of available space).

Please type your Charts before sending them to us (they must be ready to photo-copy, as our service does not include typing).
