NOTE: Please use the addresses of the Compilers on this page, some may have moved since their chart was sent. You are encouraged to write the Compiler, if you have any additional inf. (also if your line touches their line in any way...a small clue may not be so small, after all!) also the Compiler often has much more inf. in their files, and are happy to make additional contacts. Several persons working on one line often opens new generations, and other valuable inf. Be sure to include a self addressed stamped envelope (S.A.S.E.) when you hope for an answer to any genealogical question.

EACH FAMILY GROUP SHEET VOLUME IS \$3. until further notice (when the postal rates increase, we may need to increase also). Other Volumes will be published as information becomes available and our finances and printing time will allow. We have made a real effort to use the various charts, without having to re-type (and we do not have a typing service!) they will be returned to the compiler. Try to use our charts (when possible) they are much easier to read!

\* The family seems to have divided their time in both Abbots, and Mansfield, as in talking about the past, the names were used interchangeably.  
 \* A Solomon Awalt who served in the Confederacy and was from Arkansas is allegedly related - (A niece of George had Solomon's service papers, however I have been unable to find any information on him, and her info has been misplaced.)  
 \* FMA (Jr. ?) had a brother named Robert.  
 \* Robert's wife was named Lallie. She is in the background in a family picture we have.  
 \* Robert was called Uncle "Boss" for obvious reasons.  
 \* The Bells of Ft. Smith, AR are said to be cousins

 The LEBOW Family came to Berks Co., Pa. in the early 1700's, and was originally spelled LeBeau/Lebo/Leabo

Source of Information:  
 From members of our Families. Vital Statistics on the microfilms of many states and countries. Courthouse search, and personal correspondence.  
 The LEBOW spelling as my branch spells the name is possibly as it sounded to the clerks who wrote down the information. They were Huguenots who came for religious purposes.  
 (They left France and lived among the Germans before coming.)

THE END

Index compiled by Wanda Amo. Many thanks once again, Wanda!

EDITOR'S NOTE: These Family Group Sheet Charts have been compiled by our readers and members, and many have requested a copy of these volumes as soon as they are published.

If you have not sent your Chart, you are missing a good chance to make many good contacts. Each volume has no more than 4 charts for any one person, because we are trying to help many, and not just one person. If you have sent in more than two or three they might be included in several different volumes. Each volume has a list of compilers, and is completely indexed by surname in each volume.

These volumes are only printed when there is printing time....1980 almost no time was available, as many new members needed quarterlies, and the membership list was ended in October, as the first three quarterlies were completely out of print. Reprint is very costly, and storage space has run out....paper, ink, masters, and other supplies (various solutions for the machines) everything is higher & higher....so if you are not on the list early in the year, you might be disappointed, when you receive a form letter, telling the sad but true story, we are out of print, etc.

To this date our publications are much more reasonable in price than most of the other publications (and we exchange with almost 95 different Societies over the USA and Canada.

The Arkansas History Commission office has a complete file of both the ANCESTOR CHART VOLUMES (19 to this date) and the FAMILY GROUP SHEET VOLUMES (this makes 10).

*Sincerely - Elaine Weir Co,  
Editor*
