NOTE: Please use the addresses of the Compilers on this page, some may have moved since their chart was sent. You are encouraged to write the Compiler, if you have any additional inf. (also if your line touches their line in any way...a small clue may not be so small, after all!) also the Compiler often has much more inf. in their files, and are happy to make additional contacts. Several persons working on one line often opens new generations, and other valuable inf. Be sure to include a self addressed stamped envelope (S.A.S.E.) when you hope for an answer to any genealogical question.

EACH FAMILY GROUP SHEET VOLUME IS \$3. until further notice (when the postal rates increase, we may need to increase also). Other Volumes will be published as information becomes available and our finances and printing time will allow. We have made a real effort to use the various charts, without having to re-type (and we do not have a typing service!) they will be returned to the compiler for typing. Try to use our charts (when possible) they are much easier to read! And some of our members and readers are very new...this may be the first FAMILY GROUP SHEET VOLUME they have ever seen...and we do try to make it easy for all to read and understand.

EDITOR'S NOTE:

Our many thanks again to Wanda Amo, Director (Exchange Chairman, etc.) Regular Volunteer, etc. Assistant to the postal Service for Arkansas Genealogical Society! for this Surname Index. If paper was not such a problem, I could continue!

This is our Number 11 Family Group Sheet Volume, and we have just published Volume 19 of the Ancestor Chart Volumes.

If you have not filled out your Family Group Sheets for publication in one of these volumes, you are missing a good chance to make great contacts, along with the many Queries, many are finding others working on the same Surnames and having great fun!

We are making an all out effort to publish these charts (soon as we get the material and also the finances). Of course our Quarterly is first! and we put more into our Quarterly than many, and for the price, it is hard to find a publication with more information (and on time too!)

Make sure your type is clean, and with a good dark ribbon, fill your chart, best you can and then hope someone helps with the rest, many have been helped thru the efforts of our many readers. Worth a good try anyway!

Many Libraries have complete sets of both the Ancestor Charts and the Family Group Sheet Volumes, as well as many private libraries!

*Sincerely Elaine Weir Cia*
