Try to use our Charts (when possible) they are much easier to read! And some of our members and readers are very new...this may be the first FAMILY GROUP SHEET VOLUME they have ever seen...and we try to make it easy for all to read and understand.

QUESTION: WHAT IS AN ANCESTOR CHART VOLUME? WHAT IS A FAMILY GROUP SHEET VOLUME?

In 1975 the Board of Directors of the Arkansas Genealogical Society voted to start a new project. Simple forms were approved by the Board and the forms were placed in the regular Arkansas Family Historian Quarterly. After a period of three months only 17 had been completed and returned to our office. (Which is the home of the Editor - Mrs. Cia).

Then the Board decided, maybe that idea was not going to work!!!! But after another three months (when the Board met again) a mountain of ANCESTOR CHARTS had arrived (most of them in very poor condition - the information was there, but the handwriting left much to be desired, when it came to trying to photo-copy for printing.

Various means were suggested - as to how to get these valuable charts typed, etc. This is, at best, not a good idea! Anyone not familiar with Genealogy, and does not understand our terms can turn a good project into a night-mare!!!!

BUT at the October Workshop in 1975 we finally printed VOLUME I, and so on each year until now in MARCH 1982 we have a total of 19 Volumes in print.

About 65 to 70 Charts are included in each Volume, with a complete index in the back of each Volume and in the front (where Contents usually are found) the Compilers' name address and zip code is listed in alphabetical order. Not more than 4 Charts for any one person, will usually be found in any one Volume (we are not trying to print any one family history in these Volumes. This is a FREE SERVICE (to get these charts into print, but many are being prepared, and our Quarterly comes first.

These VOLUMES are \$3. each. There is not a quick way for anyone to check all 19 of these indexes, or compiler's list. This is most time consuming, but many contacts have been made thru this service. Many members and readers request a copy as soon as they are printed, especially those interested in many lines. Many of these charts give the county, and state, dates, etc.

Please do not ask us to check these VOLUMES for you.

Volunteers do come in to help from time to time, but there are many other jobs waiting for any volunteer. Besides this is like asking some one to do part of your research for you FREE.

You might request the list of researchers - they are all very busy, but might for a fee help you.

Several VOLUMES are waiting for printing time! 1981 has been a very busy time, so many new members our membership list was ended in October, as we were out of both the March and the June issues. Some were disappointed, but they will be delighted when they receive their first Arkansas Family Historian Quarterly in March 1982.

ADDITIONAL ANCESTOR CHART VOLUMES will be published as soon as possible (printing time and finances, again!)

Our typing service is no longer available (for various reasons). Either type your chart or have it typed with a nice clean type and dark ribbon, fill out as much as possible. The object is: you may be contacted by others who are working on the same lines. (they often know more about the family SURNAME than you do).

Everyone is encouraged to help with clues and share information with others.

At the present all of the 19 ANCESTOR CHART VOLUMES are available.

EDITOR'S NOTE: FAMILY GROUP SHEET VOLUMES are handled the same. However - request that no marriage are listed after 1920 or so. Start with grandparents, at least, prior to grandparents if possible.
